Belishum Investments (Pvt) Ltd

Belishum Investments (Pvt) Ltd is a diversified investment, advisory, and business solutions company established in Zimbabwe in 2022.

The company was founded with a vision to provide integrated solutions that support wealth creation, business growth, operational excellence, and sustainable investment outcomes across multiple sectors.

Building on a strong foundation in finance, compliance, technology, and analytics.

Belishum Investments has evolved into a multidisciplinary organization delivering professional services and strategic investment support to entrepreneurs, businesses, institutions, property owners, and investors.

Our multidisciplinary approach combines expertise in Property Management & Real Estate, Corporate Finance & Investment Advisory, Accounting & Finance Management, Tax & Compliance Services, Media & Photography, Data Analytics, Digital Systems Implementation, and Microsoft 365 Solutions. By bringing these disciplines together under one organization, we provide clients with comprehensive solutions that address both operational and strategic business needs.

At Belishum Investments, we understand that modern businesses require more than traditional consulting services. They require trusted partners who can manage financial performance, ensure regulatory compliance, optimize assets, strengthen brands, improve operational efficiency, and unlock investment opportunities. Our team works closely with clients to deliver practical, results-driven solutions that create measurable value and support long-term success.

Whether supporting a growing business with financial management, assisting investors with property acquisitions, developing funding proposals for expansion projects, implementing digital systems, or creating professional media content to enhance market visibility, Belishum Investments remains committed to excellence, professionalism, innovation, and integrity in every engagement.

VISION

To be a leading multidisciplinary investment and business solutions company driving sustainable growth, innovation, and wealth creation across Africa.

Wealth Creation

01 To empower individuals and businesses to achieve financial growth through strategic investments and sustainable wealth creation.

Trust & Integrity

02 To build lasting relationships with our clients through transparent investment practices, integrity, and a commitment to their financial success.

Sustainable Growth

03 To identify valuable investment opportunities that promote long-term growth, financial stability, and sustainable economic development.

Innovation & Opportunity

04 To deliver innovative investment solutions that unlock opportunities, maximise value, and help our clients build a more secure financial future.

Company– Mission

Data Protection, Encryption & Privacy Advisory Services 08

We help businesses protect sensitive information, manage data responsibly, and comply with applicable data protection requirements.
Our services support the secure handling, storage, analysis, sharing, and transfer of customer, employee, and confidential business information.

Our Services

Data Encryption Advisory: Guidance on using encryption to protect information from unauthorised access, disclosure, and misuse.
Data Controller Registration & Compliance Support: Assistance with registration requirements, documentation, and data protection procedures.
Privacy & Data Protection Consulting: Advice on the lawful collection, processing, storage, sharing, and protection of personal information.
Secure Data Storage & Management: Support with access controls, confidentiality measures, secure storage, and data retention.
Data Analysis & Risk Assessment: Review of data practices to identify privacy and security risks and recommend practical improvements.
Cross-Border Data Transfer Advisory: Guidance on managing international data transfers and implementing appropriate safeguards.
Data Protection Agreements: Assistance with confidentiality clauses, data-processing agreements, and related contractual arrangements.

Who We Serve

Our services are suitable for SMEs, corporations, institutions, employers, and organisations that handle sensitive, personal, or international data.
We also support businesses seeking to strengthen their privacy, security, and data governance practices.

Our Commitment

We help organisations reduce data-related risks, build customer confidence, strengthen information governance, and promote responsible data management.

Our goal is to make data protection a business priority, enabling organisations to operate securely, responsibly, and with confidence.

WHY BELISHUM INVESTMENTS?

Belishum Investments differentiates itself through its ability to combine investment expertise, financial management, compliance support, technology solutions, media services, and property management under one organization.
This integrated model enables clients to access multiple professional services from a single trusted partner.

Our commitment to professionalism, innovation, accountability, responsiveness, integrity, and excellence allows us to deliver practical solutions that create measurable results and long-term value for clients, investors, and stakeholders.
